

# Cijferdoolhof

onder water

Pak je (kleur)potloden of markeerstiften en ga het cijferdoolhof in.

Kijk naar de cijferreeksen onder het doolhof. Start bij één van de pijlen en volg de cijfers. Als je de juiste weg neemt, kom je in het midden uit.

Deze download bevat drie doolhoven in drie verschillende niveaus.

- Het eerste doolhof heeft één ster.

Hierin vind je de cijfers tot en met zes.

- Het tweede doolhof heeft twee sterren.

Hierin vind je de cijfers tot met negen.

- In het derde doolhof, met drie sterren, zijn de te onthouden reeksen langer. Dit doolhof zit vol met weggetjes die je op het verkeerde been zetten.

Veel plezier!
