

Parelkettingen

- patronen ontdekken en voortzetten -

De prinses gaat naar het bal. Kunnen de kinderen een mooie parelketting voor haar maken?

Print de opdrachtkaarten en lamineer ze. Zorg voor parels: diamanten, glasstenen of teldopjes in de kleuren geel, rood, blauw en groen. De kinderen kijken naar de kleuren van de parels en ontdekken het patroon. Ze zetten dit voort door parels (glasstenen, diamantjes, teldopjes) op de lege plekken te leggen.

Als de lege plekken gevuld zijn, wordt het patroon gecontroleerd. Je kunt de kinderen uitdagen het patroon verder voort te zetten. Het patroon wordt dan naast de opdrachtkaart verder gelegd.

* Op de kaarten met de blauwe prinses wordt het patroon ontdekt en voortgezet.

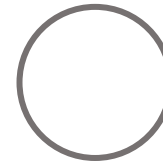

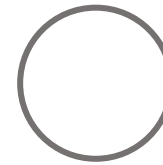

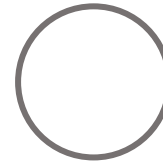

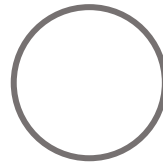

* Op de kaarten met de roze prinses wordt het patroon ontdekt, zodat de lege plekken in het patroon kunnen worden opgevuld. Vervolgens kan het patroon naast de kaart worden voortgezet.

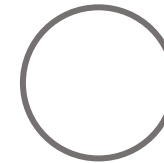

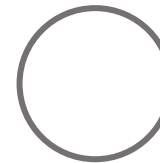

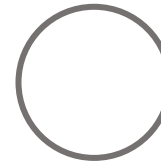

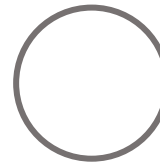

Veel plezier!
