

Rupsje Nooitgenoeg

Tel mee en laat Rupsje Nooitgenoeg groeien!

- * Print de telkaartjes en lamineer ze.
- * Print de rupsenkoppen en knip ze uit of gebruik het blad als werkblad.
- * Gebruik teldopjes voor het lijf van de rups.

De kinderen leggen een rupsenkop of werkblad voor zich en pakken een telkaartje.

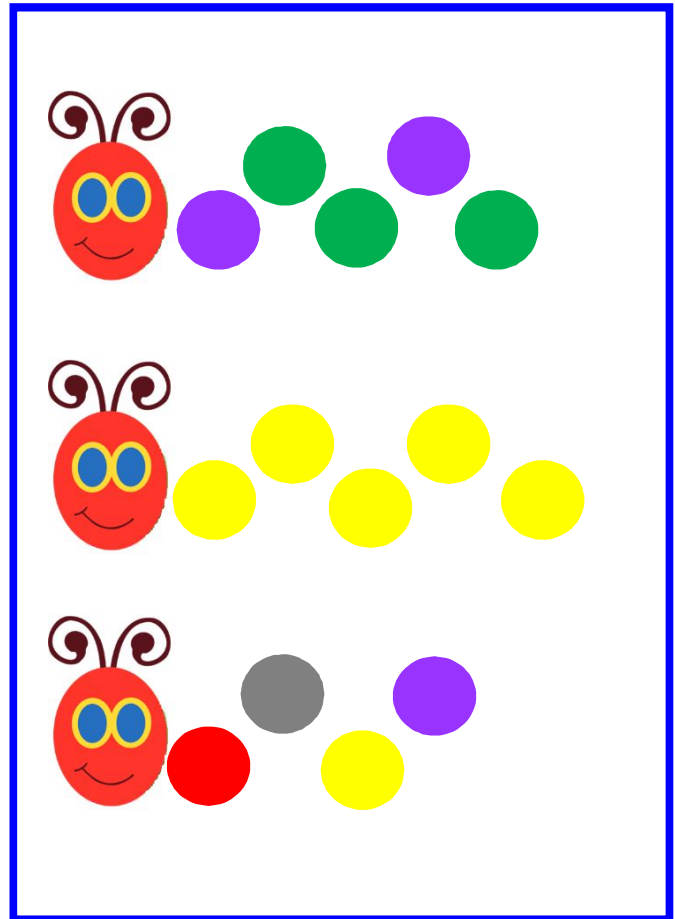

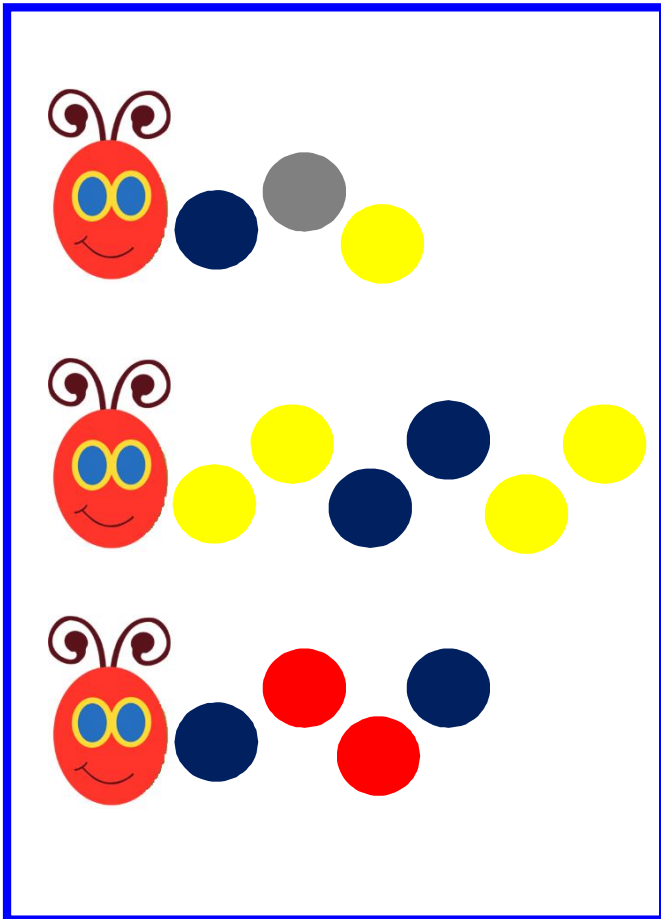

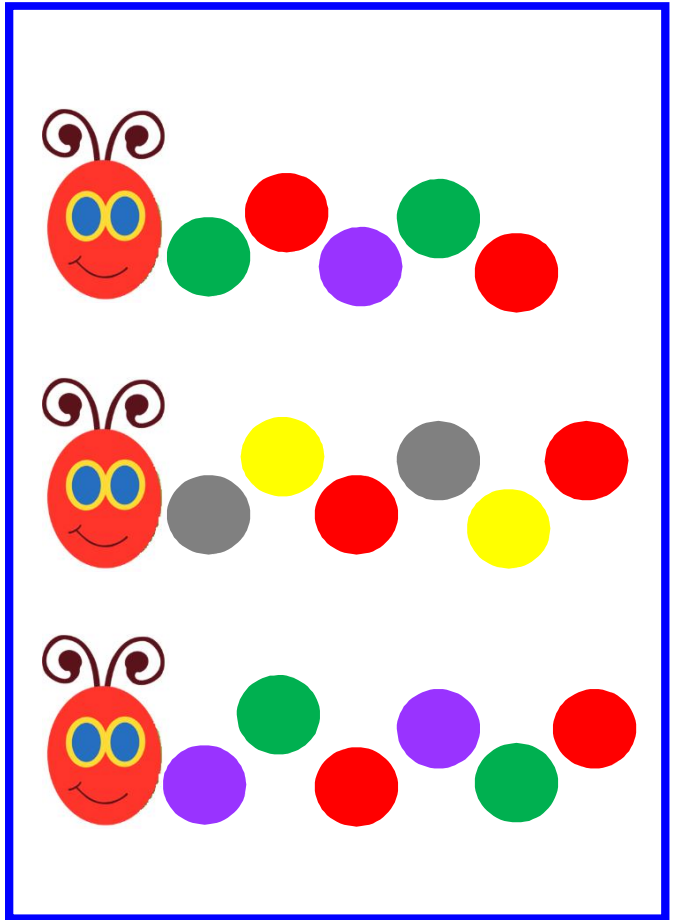

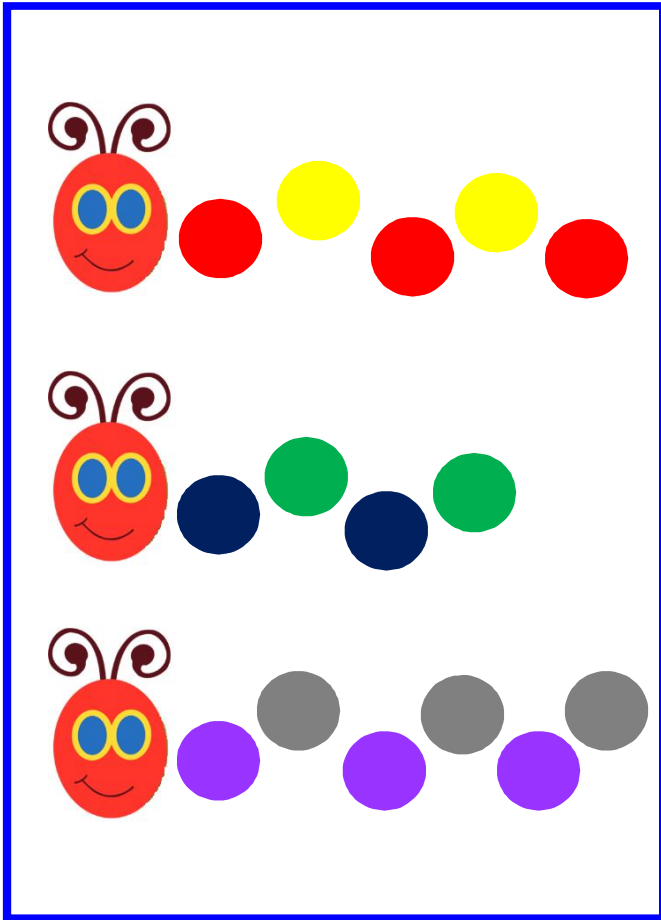

Ze leggen het aantal teldopjes dat op het kaartje aangegeven staat in de juiste kleur achter de rupsenkop. Voor de telkaartjes met getallen erop geldt dat er één telkaartje per rupsenkop gebruikt wordt.

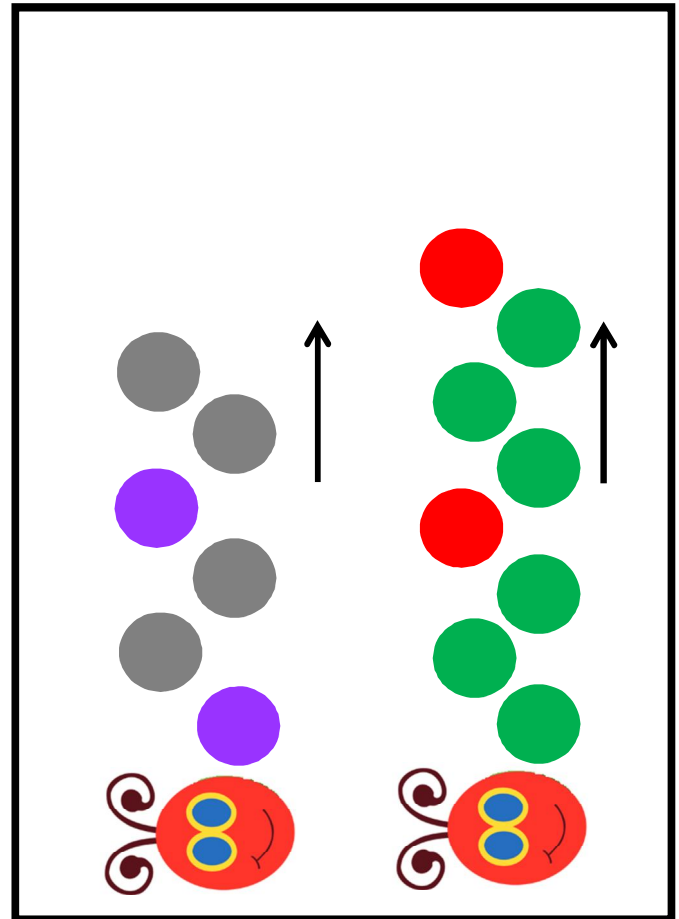

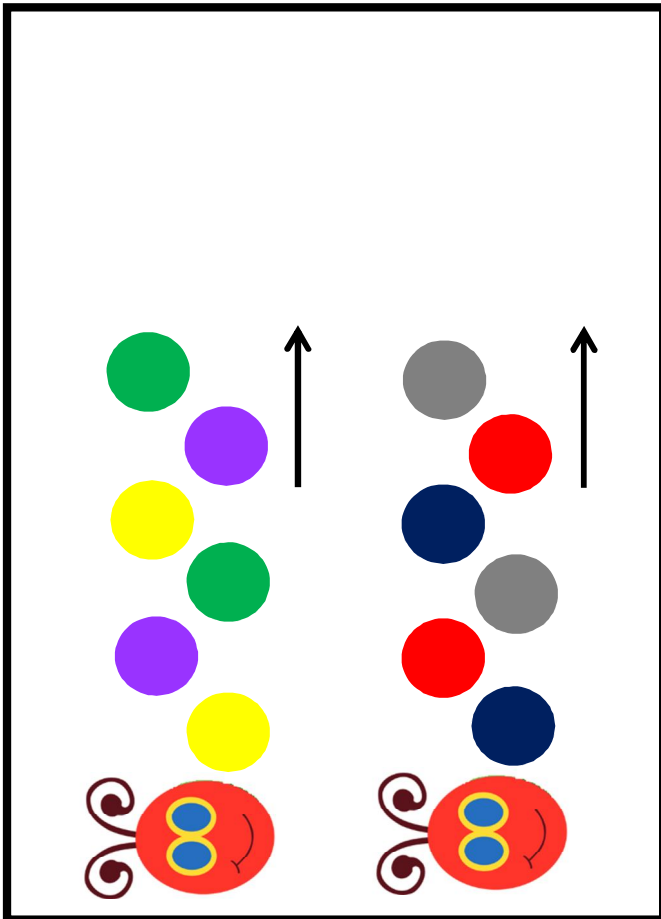

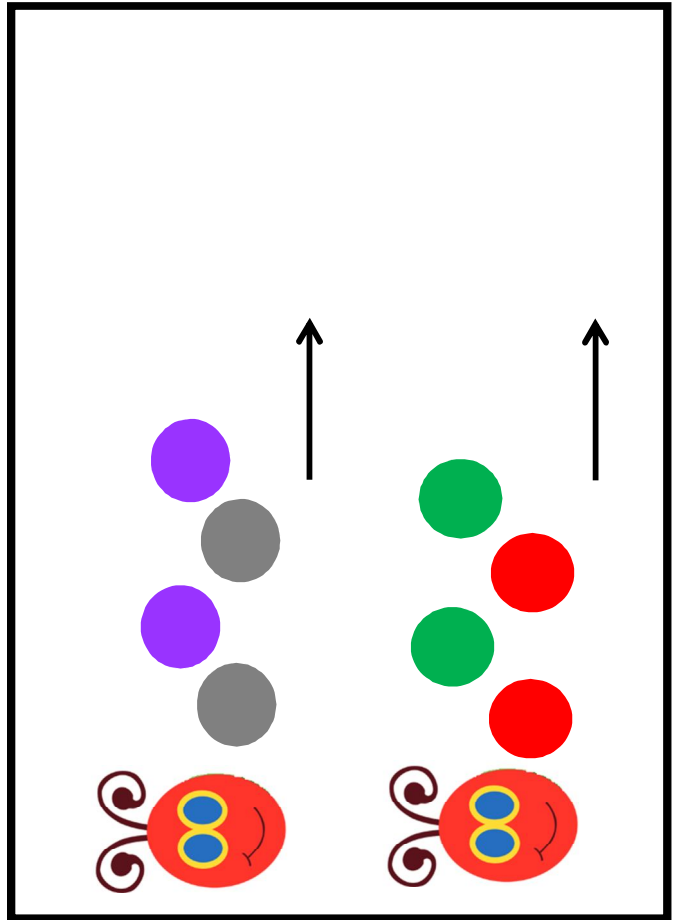

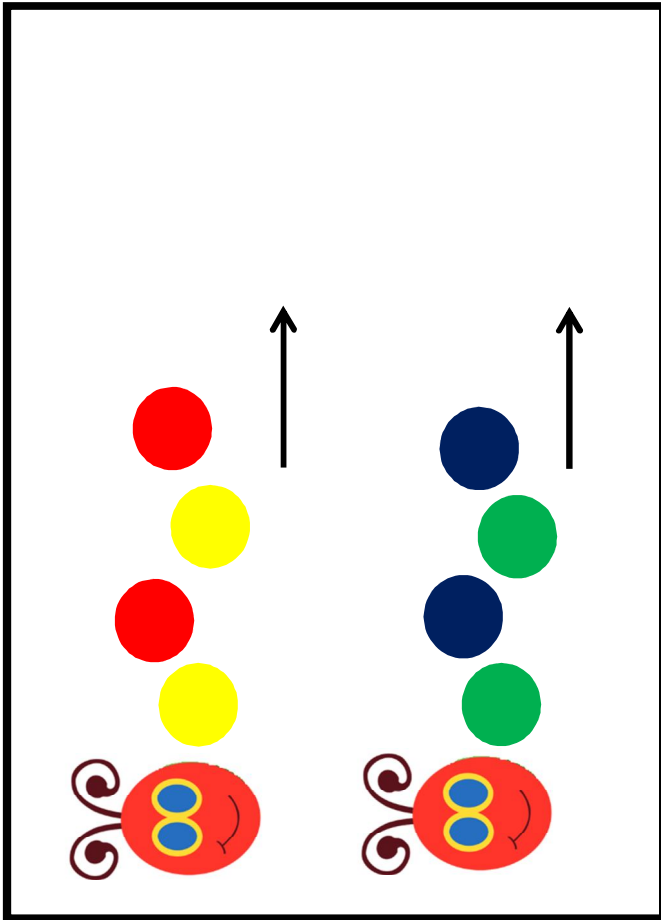

Voor de kaartjes zonder getallen worden meerdere rupsenkoppen gebruikt. Hier leggen de kinderen een logische reeks of maken een reeks af (kaartjes met de pijl).

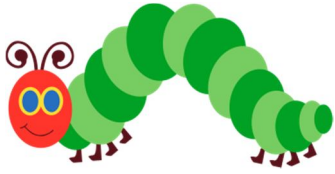

Veel plezier!
